You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. Your High School diploma is all the experience you need. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

The Perfect Year

It was not a perfect year
But has there ever been a perfect year?
Has there ever been a year
When all the love and health and fame
We wished for one another
Ever came to pass?

Yes despite the disappointments
Of these, our complex lives
We learn to make do
make better
make believe
That better days will come.

And if we so continue to believe
Who is to say
The perfect year
Will not yet be here?
